An Assembly Resolution requesting the New Jersey Congressional delegation to make a demand on the General Accounting Office for a cost analysis concerning the removal of the Munitions Command from Picattiny Arsenal in Morris County to Rock Island, Illinois pursuant to the U. S. Army Reorganization Plan.

WHEREAS, The Army has repeatedly for the last six months denied to the Senators and Congressmen of New Jersey that it had any plans to move the Munitions Command from New Jersey, and

WHEREAS, Today, January 11, 1973, the U. S. Army has announced an organizational plan, and

WHEREAS, This plan will consolidate the Munitions Command and Weapons Command into an Armament Command to be located at Rock Island, Illinois, and

WHEREAS, The Munitions Command at Picatiny Arsenal in Morris County, New Jersey will be moved to Rock Island, Illinois, and

WHEREAS, The Munitions Command at Picatiny Arsenal comprises 635 civilian and 50 military personnel whose average income is \$18,000 a year, and

WHEREAS, This move will mean a loss of at least \$8 to \$10 million dollars a year in payroll in Morris County, and

WHEREAS, Arsenals such as Picatiny, all of which are located along the Eastern seaboard, will, under this plan, be commanded from Rock Island, and

WHEREAS, No cost figures are available to establish the economic savings of such a move; now, therefore,

Be It Resolved by the General Assembly of the State of New Jersey:

1. That all members of Congress from the State of New Jersey are hereby requested to make a demand on the General Accounting Office for a complete cost analysis of the consolidation of the Munitions Command and Weapons Command into an Armament Command located at Rock Island, Illinois pursuant to the U. S. Army reorganization plan and the removal of the Munitions Command from Picatiny Arsenal in Morris County.

2. That a copy of this Resolution signed by the Speaker of the General Assembly and attested to by the Clerk thereof be sent to each member of Congress elected thereto from the State of New Jersey.

Mr. Merck, Mrs. Margetts, Messrs. Vreeland and Keogh-Dwyer offered the following resolution, which was read by the Clerk and adopted:

WHEREAS, The Army has announced plans to move the Munitions Command from Picatiny Arsenal and create a new Armaments Command in Rock Island, Illinois; now, therefore,

Be It Resolved by the General Assembly of the State of New Jersey:

1. That all members of Congress from the State of New Jersey are hereby requested to require the Secretary of Defense to name Picatinny Arsenal as the site of the new armaments command, and to use normal personnel attrition rather than reductions in force in any future reorganization.

2. To commend the Secretary for the economies resulting from the reorganization plan.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
February 22, 1973. }

ASSEMBLY BILL No. 425 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 425 (OCR), without my approval, for the following reasons:

This bill would provide that anyone who transports alcoholic beverages onto the grounds of any county penal institution, asylum or hospital for consumption by inmates or patients who are forbidden the use of alcoholic beverages, without the written permission of the appropriate authorities, is a disorderly person. This is inconsistent with existing law concerning the transportation of alcoholic

provides language which could be construed to override all existing law relating to civil service in Title 11 and the education laws of Title 18A to make P.E.R.C. the exclusive agency for handling unfair employer-employee labor practice complaints. Overriding all other laws goes beyond the usual approach in the private sector law. Moreover, we must be careful to preserve the rights of our public employees under the existing civil service merit system. Destruction or substantial erosion of our civil service laws would be, in my opinion, ill-conceived, detrimental to our dedicated employees and could, under certain circumstances, violate the New Jersey Constitution.

While Chapter 303 of the Laws of 1968 cries out for drastic changes, this bill in its present form would accentuate the existing deficiencies. The numerous serious problems which have arisen under Chapter 303 are not dealt with in this bill. Experience on the municipal, county and state levels of government has shown that Chapter 303 has serious deficiencies and needs substantial revision, rather than the piecemeal approach evinced by Assembly Bill No. 520 OCR.

Despite differing views, it is obvious to those administering the complex functions of government in modern society that there are significant differences between labor relations in the public sector and in the private sector. For instance, it is obvious that in the public sector the purpose of operations of government is service. These services cannot be provided on a profit basis and funds are not easily raised, or at least revenues are not readily increased. We must be continually mindful of the fact that any substantial revenues are raised through taxation, and our taxpayers today are under a very heavy burden. The authority of a public employer to bargain is quite different from that of a private employer. The public employer is in reality the public. At the State, county and municipal levels final approval of the budget must be received from the respective legislative bodies which must in turn seek approval ultimately of the taxpaying public. Furthermore, most governmental functions are essential today, whether it be police, fire protection, road maintenance, tax collection, mailing of checks for unemployment, welfare or medicaid, or motor vehicle licensing and inspection services.

A brief review of the history of Chapter 303 of the Laws of 1968, which was enacted in some haste, is appropriate:

Chapter 303 was actually engrafted on the private sector mediation law (C. 100, P. L. 1941), and some of the sections of Chapter 303 are common to that law. Thus, instead of having a separate law for private sector labor problems and a separate law for public sector labor problems, as do many states, including New York, New Jersey has a hybrid law which was artificially contrived and constructed by an intermeshing and commingling of two laws. In my view, such a situation is not conducive either to good government or to effective personnel relations. Former Governor Richard Hughes recognized this and the many deficiencies contained in Chapter 303. Indeed, the bill which became Chapter 303 (Senate Bill No. 746 of 1968) was returned on September 10, 1968, by Governor Hughes, without his signature with extensive recommendations for amendments. Only three days later this bill repassed both houses and became law over the conditional veto and recommendations therein of the then Governor Richard J. Hughes. Since that time many legislators have indicated to me serious regrets about having enacted legislation that was not understood and so woefully inadequate, and which to date has caused the most serious problems and had greatest impact at the municipal level in its relatively limited lifetime. Experience at other levels of government is gradually evolving and showing a similar pattern.

In my view, comprehensive total revision of the P.E.R.C. law is needed. However, I recognize that there may be some difficulties in achieving the total revision necessary. It seems obvious that if there is to be an unfair practices section within the present framework of the law, and I believe one is necessary, then it is essential to correct those deficiencies in Chapter 303 which would be compounded if unfair practices were adopted without changes. The amendments which I suggest today are only those which constitute a first step and are related to the unfair practices problem, including clarifying procedural steps and providing time limitations on filing complaints. For instance, a board made up of public members, as I advocate, rather than partisans, should not be confronted with an apparent conflict of interest situation as can occur under the present structure. Likewise, it is necessary to differentiate between management personnel and non-management personnel.

I agree, as did former Governor Richard J. Hughes in his veto message covering Chapter 303, with the concept

that an effective employer-employee relations law in the public sector, as well as in the private sector, should provide for unfair practices violations, although a review of the illegal work stoppages in New Jersey indicates that the overwhelming majority of those situations were caused by differences of opinion between the parties and not because of unfair practices. In addition, the reference to the grievance procedures as an unfair practice should be stricken because Chapter 303 of the Laws of 1968 provides for such grievance procedures in Section 7 (N.J.S. 34:13A-5.3).

Without these limited revisions which I suggest today as a minimum, I believe there will eventually be chaos in public sector employer-employee relations in New Jersey should Assembly Bill No. 520 OCR be adopted in its present form.

Accordingly, I herewith return Assembly Bill No. 520 OCR for reconsideration and recommend that it be amended as follows:

1. *Page 1, Title, Line 1*: After "An Act to" insert "amend and".

2. *Page 1, Title, Line 3*: After "303" insert "and amending P.L. 1968, c. 303".

3. *Page 1, Section 1, Line 15*: After "sentative" insert "recognized or certified as the exclusive representative of employees in an appropriate unit".

4. *Page 1, Section 1, Line 16*: Delete "the appropriate" and insert "that".

5. *Page 1, Section 1, Lines 16-17*: Delete "or concerning grievances of said employees or representative".

6. *Page 1, Section 1, Line 18*: After "representative" insert "provided, however, that the performance by an employer of any duty imposed upon it by law shall not be construed as a refusal to negotiate in good faith, and whenever a public employer is obligated by law to submit a budget, it shall not be considered an unfair practice or a refusal to negotiate in good faith on the part of the public employer who, pursuant to that obligation to submit a budget, includes a specific amount for increased salaries and changes in fringe benefits."

7. *Page 2, Section 1, Line 32*: After "unit" insert "concerning terms and conditions of employment of employees in that unit."

8. *Page 2, Section 1, Line 37*: After “empowered” insert “as hereinafter provided”.

9. *Page 2, Section 1, Line 38*: Delete “This”.

10. *Page 2, Section 1, Line 39*: Delete in its entirety.

11. *Page 2, Section 1, Line 40*: Delete “statute”.

12. *Page 2, Section 1, Line 43*: After “party” insert “or person a complaint stating the charges in that respect and containing”.

13. *Page 2, Section 1, Line 45*: After “thereof” insert “provided that no complaint shall issue based upon any unfair practice occurring more than 4 months prior to the filing of the charge unless the person aggrieved thereby was prevented from filing such charge by reason of service in the armed forces, in which event the 4 months period shall be computed from the day of his discharge.”

14. *Page 2, Section 1, Lines 45-47*: Delete “rules of evidence prevailing in courts of law or equity shall be followed but shall not be controlling” and insert “provisions of the Administrative Procedure Act (C. 52:14B-1 et seq.) shall be applicable.”

15. *Page 2, Section 1, Line 50*: Delete “finding” and insert “findings” in lieu thereof.

16. *Page 2, Section 1, Line 51*: After “fact” insert “and conclusions of law”.

17. *Page 2, Section 1, Line 51*: After “party” insert “or person”.

18. *Page 2, Section 1, Line 52*: After “party” insert “or person”.

19. *Page 2, Section 1, Line 53*: Delete “affirmative”.

20. *Page 2, Section 1, Line 56*: Delete “representative”.

21. *Page 2, Section 1, Line 57*: Delete “of the employee organization or” and after “charge” insert “or his authorized representative.”

22. *Page 2, Section 1, Lines 61 and 62*: Delete “Appellate Division of Superior”.

23. *Page 2, Section 1, Line 62*: After “Court for an” insert “appropriate”.

24. *Page 3, Section 1, Line 63*: After “hereof,” insert “in accordance with the Rules of Court.”

25. *Page 3, Section 1, Line 63*: Delete “and its findings of”.

26. *Page 3, Section 1, Lines 64 through 73*: Delete in their entirety.

27. *Page 3, Section 1, after Line 73*: Insert new Sections 2, 3, 4, 5 and 6 as follows:

“2. Section 3 of P.L. 1941, chapter 100 (C. 34:13A-3) is amended to read as follows:

3. When used in this act:

(a) The term “board” shall mean New Jersey State Board of Mediation.

(b) The term “commission” shall mean New Jersey Public Employment Relations Commission.

(c) The term “employer” includes an employer and any person acting, directly or indirectly, on behalf of or in the interest of an employer with the employer’s knowledge or ratification, but a labor organization, or any officer or agent thereof, shall be considered an employer only with respect to individuals employed by such organization. This term shall include “public employer” and shall mean the State of New Jersey, or the several counties and municipalities thereof, or any other political subdivision of the State, or a school district, or any special district, or any authority, commission or board, or any branch or agency of the public service.

(d) The term “employee” *in the private sector* shall include any employee, and shall not be limited to the employees of a particular employer unless this act explicitly states otherwise, and shall include any individual whose work has ceased as a consequence of or in connection with any current labor dispute or because of any unfair labor practice and who has not obtained any other regular and substantially equivalent employment. This term, however, shall not include any individual taking the place of any employee whose work has ceased as aforesaid, nor shall it include any individual employed by his parent or spouse, or in the domestic service of any person in the home of the employer, or employed by any company owning or operating a railroad or railway express subject to the provisions of

the Railway Labor Act. **【This term shall include public employee, i.e. any person holding a position, by appointment or contract, or employment in the service of a public employer, except elected officials, heads and deputy heads of departments and agencies, and members of boards and commissions, provided that in any school district this shall exclude only the superintendent of schools or other chief administrator of the district.】**

(e) *The term “public employee” shall include any public employee, and shall not be limited to the employees of a particular public employer unless this act explicitly states otherwise.*

This term shall include any person holding a position, by appointment or employment in the service of a public employer, except elected officials, heads and deputy heads of departments and agencies, members of boards and commissions, other managerial executives, confidential employees, individuals employed as supervisors and members of the organized militia.

(f) The term “representative” is not limited to individuals but shall include labor organizations, and individual representatives need not themselves be employed by, and the labor organization serving as a representative need not be limited in membership to the employees of, the employer whose employees are represented. This term shall include any organization, agency or person authorized or designated by a public employer, public employee, group of public employees, or public employee association to act on its behalf and represent it or them.

(g) *The term “confidential employee” means one whose access to confidential personnel files or information concerning the administrative operations of a public employer and functional responsibilities or knowledge in connection with the issues involved in the collective negotiations process would make membership in any appropriate negotiating unit incompatible with his official duties.*

(h) *The term “supervisor” means any individual having authority, in the interest of the public employer, to hire, transfer, suspend, lay off, recall, evaluate, promote, discharge, assign, reward, or discipline other employees, or responsibility to direct them, or to adjust their grievances or effectively to recommend such action, if in connection with the foregoing the exercise of such authority is not of*

a merely routine or clerical nature, but requires the use of independent judgment.

(i) *The term "managerial executive" refers to persons who formulate management policies and practices, and to those who are charged with the responsibility of effectuating and making operative such management policies and practices."*

3. Section 6 of P.L. 1968, c. 303 (C. 34:13A-5.2) is amended to read as follows"

"6.(a) There is hereby established in the Division of Public Employment Relations a commission to be known as the New Jersey Public Employment Relations Commission. This commission, in addition to the powers and duties granted by this act, shall have in the public employment area the same powers and duties granted to the labor mediation board in sections 7 and 10 of chapter 100, P.L. 1941 and in sections 2 and 3 of chapter 32, P.L. 1945. There shall be a chief executive officer and administrator who shall devote his full time to the performance of his duties exclusively in the Division of Public Employment Relations.

(b) This commission shall make policy and establish rules and regulations concerning employer-employee relations in public employment relating to dispute settlement, grievance procedures and administration including enforcement of statutory provisions concerning representative elections and related matters. The commission shall consist of **[7]** *3 public* members to be appointed by the Governor, by and with the advice and consent of the Senate, *one of whom shall be designated as Chairman by the Governor.* **[Of such members, 2 shall be representative of public employers, 2 shall be representative of public employee organizations and 3 shall be representative of the public including the appointee who is designated as chairman.]** Of the first appointees, **[two]** *one* shall be appointed for **[2 years]** *1 year*, **[two]** *one* for a term of **[3]** *2 years* and **[three]** *one*, **[including the chairman,]** for a term of **[4]** *3 years*. Their successors shall be appointed for terms of 3 years each, *and until their successors are appointed and qualified*, except that any person chosen to fill a vacancy shall be appointed only for the unexpired term of the member whose office has become vacant.

The members of the commission shall be compensated at the rate of **[\$50.00]** *\$100.00* for each day, or part thereof,

spent in attendance at meetings and consultations and shall be reimbursed for necessary expenses in connection with the discharge of their duties.”

4. The terms of office of the present members who are representative of public employers and public employees on the New Jersey Public Employment Relations Commission shall terminate on the effective date hereof. The public members of the commission in office on the effective date of this act shall continue in such office until the expiration of their respective terms.

5. Section 7 of P.L. 1968, chapter 303 (C. 34:13A-5.3) is amended to read as follows:

“7. Except as hereinafter provided, public employees shall have, and shall be protected in the exercise of the right, freely and without fear of penalty or reprisal, to form, join and assist any employee organization or to refrain from any such activity; provided, however, that this right shall not extend to any *supervisor or managerial executive*. [except in a school district the term managerial executive shall mean the superintendent of schools or his equivalent, nor, except where established practice, prior agreement or special circumstances, dictate the contrary, shall any supervisor having the power to hire, discharge, discipline, or to effectively recommend the same, have the right to be represented in collective negotiations by an employee organization that admits nonsupervisory personnel to membership, and the fact that any organization has such supervisory employees as members shall not deny the right of that organization to represent the appropriate unit in collective negotiations] *Except in the case of a written agreement made prior to the effective date of this act, no supervisor, confidential employee, or managerial executive shall have the right to be represented in collective negotiations. The fact that any employee organization has any supervisory, confidential employee or managerial executive as members shall not deny the right of the organization to represent the public employees in an appropriate unit; and provided further, that, except where established practice, prior agreement, or special circumstances dictate the contrary, no policeman shall have the right to join an employee organization that admits employees other than policemen to membership. The negotiating unit shall be defined with due regard for the community of interest among the employees concerned, and the joint responsibilities of the pub-*

lic employer and public employees to serve the public. Voluntary determination and agreement of unit composition shall not be made in conflict with the provisions of this act. [but the commission shall not intervene in matters of recognition and unit definition except in the event of a dispute.]

Representatives designated or selected by public employees for purposes of collective negotiation by the majority of the employees in a unit appropriate for such purposes or by the majority of the employees voting in an election conducted by the commission as authorized by this act shall be the exclusive representatives for collective negotiation concerning the terms and conditions of employment of the employees in such unit. Nothing herein shall be construed to prevent any official from meeting with an employee organization for the purpose of hearing the views and requests of its members in such unit so long as (a) the majority representative is informed of the meeting; (b) any changes or modifications in terms and conditions of employment are made only through negotiation with the majority representative; and (c) a minority organization shall not present or process grievances. Nothing herein shall be construed to deny to any individual employee his rights under Civil Service laws or regulations. When no majority representative has been selected as the bargaining agent for the unit of which an individual employee is a part, he may present his own grievance either personally or through an appropriate representative or an organization of which he is a member and have such grievance adjusted.

A majority representative of public employees in an appropriate unit shall be entitled to act for and to negotiate agreements covering all employees in the unit and shall be responsible for representing the interests of all such employees without discrimination and without regard to employee organization membership. [Proposed new rules or modifications of existing rules governing working conditions shall be negotiated with the majority representative before they are established. In addition, the majority representative and designated representatives of the public employer shall meet at reasonable times and negotiate in good faith with respect to grievances and terms and conditions of employment.]

For the purposes of this act, to negotiate collectively is the performance of the mutual obligation of the employer

and the majority representative of the employees to meet at reasonable times and negotiate in good faith with respect to the terms and conditions of employment, and the execution of a written agreement signed by the authorized representatives of the public employer and the majority representative incorporating any agreement reached; provided that such obligation does not compel either party to agree to a proposal or require the making of a concession and provided further that such obligation does not compel either party to negotiate with respect to obligations or duties imposed upon it by law.

When an agreement is reached on the terms and conditions of employment, it shall be embodied in writing and signed by the authorized representatives of the public employer and the majority representative.

Public employers shall negotiate written policies setting forth grievance procedures by means of which their employees or representatives of employees may appeal the interpretation, application or violation of policies, agreements, and administrative decisions affecting them, provided that such grievance procedures shall be included in any agreement entered into between the public employer and the representative organization. Such grievance procedures may provide for binding arbitration as a means for resolving disputes."

6. Nothing in this act or the act to which this is a supplement shall conflict with, impair, supersede or abrogate the provisions of either Title 11, Civil Service of the Revised Statutes, or Title 18A, Education, of the New Jersey Statutes, or the rules and regulations issued pursuant thereto, or to deny to any individual public employee his rights provided thereunder. Any right of appeal granted under Title 11 or Title 18A to any public employee shall be exclusive, any law or agreement to the contrary notwithstanding.

ASSEMBLY BILL No. 783 (2nd OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 783 (2nd OCR), with my objections, for reconsideration.

This bill would amend the Governmental Unit Deposit Protection Act (C. 17:9-44) to provide that no collateral shall be required to secure any public deposit to the extent that such a deposit is insured by the Federal Deposit Insurance Corporation or any other federal agency which insures deposits. It also establishes an alternate method of computing the amount of security required under the act, and expands the definition of "eligible collateral" under the act to include "mortgages insured by the United States of America or an instrumentality thereof as to payment of principal and interest" and "any other obligations authorized from time to time by the commissioner [of Banking] pursuant to rule or regulation." Finally, the Commissioner of Banking is empowered to authorize the required collateral to be held in such manner as he deems consistent with the purpose of the act, in addition to the current statutorily approved methods of holding collateral.

I agree with the purpose of this bill, and I believe that it will allow the financial institutions of this State greater flexibility while still guaranteeing adequate security for deposits of public funds. It is my opinion, however, that the bill should be amended to allow only the actually insured or guaranteed portions of federally insured or guaranteed mortgages to be used as collateral for public deposits. Furthermore, I believe that the power to determine the types of obligations which may be used as collateral for the security of public deposits should not be delegated to an administrative agency.

Accordingly, I herewith return Assembly Bill No. 783 (2nd OCR) without my approval, and recommend that it be amended as follows:

1. *Page 1, Section 1, Line 22*: After “interest” insert “to the extent of such insurance or guarantee”.

2. *Page 1, Section 1, Lines 22-24*: Delete “any other obligations authorized from time to time by the commissioner pursuant to rule or regulation.”.

Respectfully,

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
February 22, 1973. }

ASSEMBLY BILL No. 1476

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 1476 with my objections, for reconsideration.

This bill amends the law to allow an insurance company to be formed for the purpose of providing insurance coverage without regard to fault. This change is necessary to bring this section of the statutes into conformity with the “New Jersey Automobile Reparation Reform Act,” P. L. 1972, c. 70.

I am in complete agreement with the purpose of the legislation. However, the deletion of subsection (d) of R. S. 17:17-1 must be inadvertent. That subsection is still necessary so that many insurance companies formed pursuant to that subsection can continue to sell automobile insurance.

Accordingly, I am returning Assembly Bill No. 1476 for reconsideration and recommend that it be amended as follows:

Page 2, Section 1, Lines 56 and 57: Delete “Deleted by amendment (P. L. 1971, c. 144).” and reinsert “Against

bodily injury or death by accident, and upon the health of persons, including a funeral benefit to an amount not exceeding \$100.00 or against loss or damage to automobiles or motor vehicles, or to wagons or vehicles propelled by a horse or team of any description, resulting from collision with moving or stationary objects, against perils to property arising from the use of elevators, aircraft, automobiles or other motor vehicles, or against loss by legal liability for damage to persons or property (including, if the insured is a state or a political subdivision of a state or a municipal corporate instrumentality of one or more states, loss by voluntary payments made by the insured under circumstances where the insured would have legal liability if it were a private corporation) resulting from collision of automobiles, aircraft, or motor vehicles, or of wagons or vehicles propelled by a horse or team with moving or stationary objects.”

Respectfully,

An Assembly Resolution asking the Governor to veto the toll increase on the New Jersey Turnpike from \$.10 to \$.25.

WHEREAS, The New Jersey Turnpike Authority has announced plans to increase its \$.10 tolls to \$.25; and

WHEREAS, This increase will affect primarily New Jersey residents who use the Turnpike for short trips and not out-of-state travelers; and

WHEREAS, The increased tolls will result in greater use of crowded secondary roads by motorists; and

WHEREAS, The Turnpike Authority offered no economic justification for their increase of 150%; now, therefore

Be It Resolved by the General Assembly of the State of New Jersey:

1. That the Governor pursue all legal steps to prevent the implementation of the increase.

2. That a full report concerning the circumstances surrounding the increase be made to the Assembly within 30 (thirty) days.

Messrs. Friedland, LeFante and Wallace offered the following resolution, which was adopted by voice vote:

WHEREAS, The New Jersey Turnpike Authority recently announced plans to increase certain tolls on portions of the New Jersey Turnpike effective April 15, 1973; and

WHEREAS, The reasons for the proposed toll increases have not been stated by the New Jersey Turnpike Authority; and

WHEREAS, The change in the minimum toll from \$.10 to \$.25 represents a 150% increase in such tolls; and

WHEREAS, Such a toll increase may result in traffic leaving the turnpike to use already congested local streets and roads; and

WHEREAS, Immediate review and study of the impact of such toll increases is essential; now, therefore

Be It Resolved by the General Assembly of the State of New Jersey:

1. The Assembly Transportation and Utilities Committee is authorized and directed to inquire into and study toll increases recently proposed by the New Jersey Turnpike Authority and to determine and evaluate the basis and consequences of such toll increases. The committee is authorized to consult with and seek assistance from such State, county and municipal officials as it may require and as may be available to it for said purposes.

2. The committee may meet and hold hearings concerning the object of its study at such place or places as it shall designate during the sessions or recesses of the Legislature and shall report its findings and recommendations to the Legislature, accompanying the same with any legislative bills which it may desire to recommend for adoption by the Legislature.

3. Pending such study the New Jersey Turnpike Authority is requested to postpone the increases in tolls which it has recently proposed.

ASSEMBLY BILL No. 336 (2ND OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 336 (2nd OCR), with my objections, for reconsideration.

Assembly Bill No. 336 (2nd OCR) requires that a tag be placed on any used, rebuilt, reconditioned or repossessed household appliance, indicating to a prospective purchaser this fact in at least 10 point type. Placing a tag which misrepresents the status of an appliance is a disorderly persons offense. The Attorney General is given the power under the bill to enjoin actual or prospective violations of the act.

The disorderly persons offense in this bill is a specific form of consumer fraud which the Attorney General may now enjoin. Currently, N.J.S. 56:8-1 et seq. establishes procedures for the Attorney General to enjoin and recover costs for any consumer fraud. The procedure established in this bill for the specific situation of consumer fraud might be considered as a limitation upon the procedures established in N.J.S. 56:8-1 et seq. Such a construction would not be in the interest of the public. Yet, I do agree that the criminal penalty contained in this bill is desirable for it increases the protection for the consumer with respect to this one form of consumer fraud. However, it should be specifically provided in this bill that the general procedures already established to deal with consumer frauds

are not intended to be limited by the procedures established in Assembly Bill No. 336 (2nd OCR).

Accordingly, I respectfully recommend the following change in Assembly Bill No. 336 (2nd OCR):

Page 2, Section 4, Line 6: After "thereof" insert
"; provided, however, that nothing in this act shall
limit the powers of the Attorney General and the
procedures with respect to consumer fraud in N.J.S.
56:8-1 et seq."

Respectfully,

[SEAL]
Attest:

/s/ WILLIAM T. CAHILL,
Governor.

/s/ JEAN E. MULFORD,
Acting Secretary to the Governor.

Mr. J. J. Horn moved that the message be spread in full upon the Minutes.

Which motion was adopted.

The Clerk read the following message from the Governor.

ASSEMBLY BILL No. 227 (2ND OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 227 (2nd OCR), with my objections for reconsideration.

This bill would permit a person who has been arrested for any offense in New Jersey to immediately petition the court for the expungement of his arrest records, of any evidence of detention related to that arrest and of any proceedings related to that arrest, when the arrest resulted in a dismissal of the proceedings, in an acquittal, or in a discharge of the proceedings without a conviction.

After expungement of the records, the arrest, and any proceedings related to the arrest, would be deemed not to have occurred and the arrested person would be entitled to answer in the negative when asked whether he had ever been arrested.

An expungement provision creates immediate conflict with the need of law enforcement authorities to maintain records necessary to fulfill their functions in the prevention and detection of crime. At issue are the tools law enforcement agencies need to exercise their powers of investigation. As Chief Justice Weintraub stated concerning the scope of record keeping by law enforcement authorities in *Anderson v. Sills*, 56 N.J. 220, 229 (1970):

“The basic approach must be that the executive branch may gather whatever information it reasonably believes to be necessary to enable it to perform the police roles, detectional and preventive.”

The approach to retaining records must be equally as broad.

There may be situations where the police have no reason to retain an arrest record as when the arrest was an admitted mistake. In such a situation it may be appropriate to expunge the arrest record. However, if the police legitimately believe that the record is necessary for law enforcement purposes, expungement would be inappropriate.

The primary objective of any expungement statute is to insulate the person from any disabilities or adverse effects resulting from the information sought to be expunged. The only danger in maintaining arrest records is the possible effects of dissemination of the fact of the arrest or the practical necessity that an arrested person must indicate that he has been arrested on employment applications.

The possible adverse effects of an arrest record can be prevented without physically destroying the information or removing it from police files. Police records can be sealed so that there will be no dissemination and provision can be made so that an arrested person, whose arrest record has been sealed, can answer in the negative when an application for employment requests information concerning that arrest. Sealing, therefore, achieves the purposes of both the police and the arrested person. It enables law enforcement agencies to retain the record for their needs and protects the arrested person from the possible adverse effects resulting from the arrest.

In some situations where an arrest does not result in a conviction, neither expungement nor sealing should be

permitted. For example, if a plea bargaining agreement results in the dismissal of unrelated offenses involving separate arrests, those arrest records are, and will continue to be, extremely meaningful and useful to the police despite the dismissal of the offense. There is no justifiable reason why such information should not continue to be used as it is presently being used.

Assembly Bill No. 227 (2nd OCR) does not distinguish between those arrests which should not be expunged and those which should. Neither does it provide a procedure for sealing of records to protect the arrested person yet not deprive the police of the tools necessary to fulfill their functions.

Therefore, I respectfully return Assembly Bill No. 227 (2nd OCR) for reconsideration and recommend that it be amended as follows:

Page 1, Title, Line 1: After "expunging" insert "and sealing of"

Page 1, Section 1, Line 2: After "high misdemeanor" insert "under the laws of New Jersey"

Page 1, Section 1, Lines 18-22: Delete in their entirety.

Page 2, Section 1, Lines 23-28: Delete in their entirety.

Page 1, Section 1, Line 17: After “order.” insert new sections as follows:

“3(a) At the time appointed for the hearing, if there is no objection from those law enforcement agencies notified of the hearing, and no reason appears to the contrary, the court may grant an order directing the clerk of the court and the parties upon whom notice was served to expunge from their records all evidence of said arrest including evidence of detention related thereto and specifying those records to be expunged.

(b) If an order expunging the records is granted by the court, all the records specified in the order shall be removed from the files and placed in the control of a person who shall be designated to retain control over all expunged records and who shall ensure that the records or the information contained therein is not released for any reason. In response to requests for information or records on the person, who was arrested, the law enforcement officers and departments shall reply, with respect to the arrest and proceedings which are the subject of the order, that there is no record.

4(a) If an objection is made by any law enforcement agency upon which notice was served, the court shall

determine whether there are grounds for denial. If the court determines there are no grounds for denial it may grant an order directing the clerk of the court and the parties upon whom notice was served to seal their records of said arrest, including evidence of detention related thereto, and specifying those records to be sealed.

(b) If an order sealing the records of arrest is granted by the court, any law enforcement officers and departments who receive requests for information or records on the person against whom the arrest was entered shall reply, with respect to the arrest and proceedings which are the subject of the order, that there is no record. Such sealed records and information may be maintained by any law enforcement agency originally possessing such records and information, but such information shall be utilized only within the department and sufficient precautions shall be taken to insure that the sealed records and information are not revealed to anyone outside the law enforcement agency which continues to maintain the records or information.

Inspection of the files and records, or release of the information in the files and records, which are the subject of the sealing order, to anyone other than a person within the law enforcement agency in which the arrest records were sealed, may be permitted only by the court upon motion for good cause shown, and any such motion and any order granted pursuant to such motion shall specify the person or persons to whom the records and information are to be shown.

5. If the court determines there are grounds for denial, the court shall not grant an order to expunge or seal the records of the arrest or evidence of detention related thereto.

6. For the purpose of this act 'grounds for denial' shall exist:

a. when the usefulness of the information of the arrest and the proceedings to law enforcement authorities and to anyone who might obtain such information outweighs the desirability of having a person, who has been acquitted or against whom charges have been dismissed or discharged, freed from any disabilities attached to the arrest which preceded that acquittal, dismissal or discharge.

b. when dismissal resulted from a plea bargaining agreement or when acquittal, discharge or dismissal occurred after exclusion of highly probative evidence upon invocation of an exclusionary rule not directed to the truth of the evidence excluded.

7. If an order expunging or sealing a record of arrest is granted, the arrest and any proceedings related thereto shall be deemed not to have occurred and the petitioner may answer accordingly any question relating to their occurrence.

8. This act shall apply to arrests which occurred prior to and which occur after enactment of this act. No court order pursuant to this act shall prohibit the filing of reports required under the Controlled Dangerous Substances Registry Act of 1970, P.L. 1970, c. 227 (C. 26:2G-17 et seq.).”

ASSEMBLY BILL No. 788 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 788 (OCR), without my approval.

Assembly Bill No. 788 (OCR) would authorize county bridge commissions to replace or reconstruct bridges which it owns, including bridges extending into other States.

It has been the public policy of this State since 1951 to prevent further involvement of county bridge commissions in interstate matters. See P.L. 1951, c. 284; P.L. 1951, c. 288; P.L. 1952, c. 333 and P.L. 1953, c. 453. As the result of that policy, the Burlington County Bridge Commission is the only county commission which operates interstate bridges. It is apparent, therefore, that the proposed legislation has applicability only to the Burlington-Bristol Bridge and the desire of the commissioners to replace that structure with a larger and more modern structure. While I understand and applaud the desires of the commissioners and the legislators representing that area in our State Legislature, there are insurmountable obstacles to the replacement or reconstruction of the existing bridge by the Commission:

1. As the result of the public policy enunciated in P.L. 1951, the State of New Jersey entered into a binding con-

tract with the State of Pennsylvania and Delaware River Joint Toll Bridge Commission to construct a free toll bridge (I-895) in the same area as the Burlington-Bristol Bridge which would be constructed with 90% federal funds, with 5% each from New Jersey and Pennsylvania.

2. Most importantly, even if all other legal obstacles could be removed, it is conceded by all counsel and all interested parties that the consent of the Commonwealth of Pennsylvania would be required in order to carry out the proposed project. We have been formally advised by the Commonwealth of Pennsylvania in writing, through its Department of Transportation, that this project would be opposed, and that every effort would be made to prevent the implementation of the proposed legislation. Since that consent is required and we are on notice that it will not be given, my signature to the bill under consideration would be a futile act. My signature to this legislation would raise the expectations of the Burlington County citizenry when the evidence is clear under present circumstances that realization was impossible. In this sensitive area of interstate relations, cooperation between Pennsylvania and New Jersey is essential. Before such legislation can be considered, it is absolutely essential that prior consent be obtained from the Commonwealth of Pennsylvania.

Until such consent is forthcoming, I have no alternative but to return Assembly Bill No. 788 (OCR) without my approval.

Respectfully,

The Clerk read the following message from the Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
March 2, 1973. }

ASSEMBLY BILL No. 155

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 155 without my approval.

In situations where a fire house or first aid or rescue squad headquarters is located upon or within 1,000 feet of a road, street or highway, Assembly Bill No. 155 would eliminate the present approval necessary for a municipality or a county to install a traffic control signal upon the road, street or highway within their respective jurisdictions. The bill contains a provision requiring approval but limits approval to the specific location of the traffic signal within the general area of a fire house or first aid or rescue squad headquarters. The bill specifically excludes the necessity for approval of the general location of such traffic signals.

The bill makes approval of the character, type, placing and operation of the traffic signal subject to the approval of the "director." This reference is presumably to the Director of the Division of Motor Vehicles. The Director of the Division of Motor Vehicles, however, no longer has the statutory authority to approve the installation of traffic signals. This authority was transferred to the Commissioner of the Department of Transportation. The Director of the Division of Motor Vehicles is no longer staffed or equipped to perform the function this bill would demand. Providing the Director with the necessary staff and equipment would result in unnecessary duplication.

The Commissioner only approves the installation of a traffic signal after the Department conducts an exhaustive engineering study to determine the need for the traffic control device in the general location and to determine whether a traffic control device would create a hazard if placed in the general location. Assembly Bill No. 155 would permit the installation of a traffic signal without these determinations being made by the Commissioner. The bill recognizes the need for the expert advice of the Department

of Transportation in determining the specific location of the traffic signal but attempts to avoid the same expert advice as to whether a traffic signal in the general location would create a traffic hazard.

While the purpose of the bill in facilitating the rapid and unobstructed movement of fire engines and emergency vehicles is commendable, this purpose should not be achieved at the expense of creating a hazard to the motoring public. Traffic signals should not be placed in locations without assurance that they do not create a safety hazard. Only by continuing the present requirement for approval by the Commissioner will there be assurance that an adequate study is made to enable a meaningful determination on the question of potential hazard prior to the installation of any traffic signal.

Accordingly, I am returning Assembly Bill No. 155 without my approval.

Respectfully,

[SEAL]

/s/ WILLIAM T. CAHILL.

WHEREAS, There have been indications from the Department of Defense that plans exist to close Fort Dix; and

WHEREAS, Such an action would have a detrimental economic impact on New Jersey and particularly on those areas adjacent to Fort Dix; and

WHEREAS, The closing of Fort Dix would result in the elimination of 3,500 civilian jobs, the loss of an annual military payroll of \$114 million, the loss of an annual civilian payroll of \$22 million, the loss of \$36 million in the purchase of supplies and equipment and the loss of \$24 million in contracts; now, therefore

Be It Resolved by the General Assembly of the State of New Jersey:

That the members of the New Jersey General Assembly, believing that such a closing would result in economic hardship to many New Jersey residents, urge that this military installation be kept open; and,

Be It Further Resolved, that a copy of this resolution, signed by the Speaker and attested by the Clerk of the New Jersey General Assembly, be forwarded to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives and every United States Senator and United States Representative from the State of New Jersey.

ASSEMBLY BILL No. 529

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 529 with my objections, for reconsideration.

This bill would prohibit the receipt or acceptance of any gratuity, bonus or gift in connection with the rental of real property with the understanding that such a gratuity, bonus or gift would procure an advantage over others in obtaining the rental of the real property.

I fully support the intent of this bill to protect consumers from being victimized due to a shortage in rental properties. However, I feel the bill can be strengthened by specifically prohibiting the solicitation of a gratuity or gift in addition to prohibiting the completed transaction. There may be many situations where a consumer is approached to pay a

sum of money to obtain advantage over others but will be unwilling to participate in such a scheme. The conduct of persons who approach the consumer for this purpose should be punishable even if they are unsuccessful in obtaining the gratuity or gift from the consumer.

The prohibition in Assembly Bill No. 529 could be interpreted to reach a fair and honest reduction in rent resulting from arm's length bargaining because of the term "bonus". A reduced rental could be interpreted to be an indirect "bonus". The situation intended to be prohibited by the use of the term "bonus" is circumscribed by the term "gift". The deletion of the term "bonus" will consequently not affect the intended purpose of the bill and will eliminate the possibility of a misinterpretation of the bill.

For these reasons, I return herewith Assembly Bill No. 529 for reconsideration with a recommendation that it be amended as follows:

Page 1, Title: Delete " , bonuses".

Page 1, Section 1, Line 1: After "indirectly," insert "solicits, requests, demands,".

Page 1, Section 1, Line 2: Delete " , bonus".

Page 1, Section 1, Line 9: Delete " , bonus".

Page 1, Section 2, Line 1: After "gratuity" delete " ,".

Page 1, Section 2, Line 2: Delete "bonus".

Page 1, Section 2, Line 4: Delete " , bonus".

Respectfully,

Acting Secretary to the Governor.

Mr. Hurley moved that the message be spread in full upon the minutes.

ASSEMBLY BILL No. 870 (2nd OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 870 with my objections, for reconsideration.

Assembly Bill No. 870 provides an extensive scheme for the registration, regulation and operation of snowmobiles. Many of the provisions in the act parallel provisions which are presently in the Motor Vehicle Statute and parallel procedures regulated by court rule.

I wholeheartedly support the principle of regulating snowmobiles to provide for the safe use and to prevent the misuse of this recreational vehicle. There are a number of legal deficiencies in Assembly Bill No. 870 which would result in invalidation of the law by the courts.

In a number of areas the bill attempts to establish court procedure which violates the constitutional mandate of separation of power. The bill also attempts to require the registration of snowmobiles used on private property in this State. This requirement extends beyond the State's regulation of motor vehicles and may well extend beyond the limits of the State's power in requiring the registration of motor vehicles.

The bill duplicates provisions which already exist in the law. A number of the procedural requirements of the bill with respect to offenses are already covered under the Motor Vehicle laws. The establishment of noise levels for snowmobiles is already provided for under The Noise Control Act, P. L. 1971, c. 418 (C. 13:1G-1 et seq.). The procedures already established under present law should be made applicable to the snowmobile rather than establishing a new procedure with respect to snowmobiles. In addition, by incorporating only a few of the offenses under the Motor Vehicle laws, the bill excludes a number of offenses which should be retained.

Accordingly, I herewith return Assembly Bill No. 870 for reconsideration and recommend it be amended as follows:

The Clerk read the following message from the Governor:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
June 7, 1973. }

ASSEMBLY BILL No. 838 (2nd OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 838 (2nd OCR) with my objections, for reconsideration.

Assembly Bill No. 838 (2nd OCR) increases the seat back height on school buses to 28 inches, provides that school bus seats meet certain minimum force standards and requires that the seats be equipped with passive restraint systems.

I wholeheartedly support efforts to provide greater protection for our children while riding in school buses. Any workable system to improve the safety and possibly save the lives of our school children has my emphatic endorsement. There are, unfortunately, several problems with Assembly Bill No. 838 (2nd OCR) which require this conditional veto.

The bill contains no definition for a "passive" restraint system. The federal government has been attempting to promulgate regulations describing a "passive" restraint system. However, until these federal guidelines are enacted, it would be virtually impossible to determine what type of seat would passively protect a child in a school bus. The requirements in the bill could not be administered without some specific guidelines as to what qualifies as a "passive" restraint system. It is doubtful anything less than the proposed federal standards could properly be termed a "passive restraint system."

Assembly Bill No. 838 (2nd OCR) would permit only a "passive restraint system." We should not limit the methods available to protect our children in school buses. Any restraint system, passive or active, which provides greater protection for our children should be permitted. When a passive restraint system is developed according to federal guidelines, it should be permitted in our school buses. Until that time, any other effective restraining system should be permitted.

Assembly Bill No. 838 (2nd OCR) requires that the driver's seat in a school bus be equipped with a passive restraint system. There is no method of passively restraining the driver because of the proximity of the windshield and of the steering wheel to the driver's seat. The bill would require the removal of the seat belt which is now required for the driver's seat. There is good reason to continue to require a seat belt on the driver's seat as opposed to a passive restraint system. A seat belt enables a driver to maintain maximum control over the vehicle, which is especially necessary in the event of an accident. Even if it were possible to create a passive restraint system for the driver's seat in a school bus, such a system might actually have an adverse effect on the safety of the children in the bus.

While the above alone would require that I conditionally veto Assembly Bill No. 838 (2nd OCR), I must also indicate a procedural problem created by the bill. The bill applies to buses "acquired" after July 1, 1973. Because of a five to six month delay between the date on which a school bus is ordered and the date on which it is received, the bill would apply to buses ordered prior to any possible date of enactment of the bill and long prior to the effective date of the bill. The date on which buses are ordered should be utilized as the date on which buses must meet the requirements in the bill because this is the date which determines the nature of the bus which eventually will be delivered.

There is no empirical method of demonstrating the date on which a bus is "acquired." Retaining the date upon which a bus is acquired would prevent effective enforcement of the bill. To enforce the bill there must be some method of determining which buses must be equipped as provided in the bill when a bus is presented for its initial inspection. A dated order form can fulfill this function.

Accordingly, I herewith return Assembly Bill No. 838 (2nd OCR) for reconsideration and recommend that it be amended as follows:

1. *Page 1, Section 1, Line 9:* Delete "passive"
2. *Page 1, Section 1, Line 9:* After "systems" insert ", active or passive,"

3. *Page 1, Section 2, Lines 2 and 3*: Delete “acquired on or after July 1, 1973” and insert “ordered 30 days after enactment”.

Respectfully,

[SEAL] /s/ WILLIAM T. CAHILL,
Attest: Governor.
/s/ JEAN E. MULFORD,
Acting Secretary to the Governor.

Mr. Hurley moved that the message be spread in full upon the minutes.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,

ASSEMBLY BILL No. 870 (2nd OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 870 with my objections, for reconsideration.

Assembly Bill No. 870 provides an extensive scheme for the registration, regulation and operation of snowmobiles. Many of the provisions in the act parallel provisions which are presently in the Motor Vehicle Statute and parallel procedures regulated by court rule.

I wholeheartedly support the principle of regulating snowmobiles to provide for the safe use and to prevent the misuse of this recreational vehicle. There are a number of legal deficiencies in Assembly Bill No. 870 which would result in invalidation of the law by the courts.

In a number of areas the bill attempts to establish court procedure which violates the constitutional mandate of separation of power. The bill also attempts to require the registration of snowmobiles used on private property in this State. This requirement extends beyond the State's regulation of motor vehicles and may well extend beyond the limits of the State's power in requiring the registration of motor vehicles.

The bill duplicates provisions which already exist in the law. A number of the procedural requirements of the bill with respect to offenses are already covered under the Motor Vehicle laws. The establishment of noise levels for snowmobiles is already provided for under The Noise Control Act, P. L. 1971, c. 418 (C. 13:1G-1 et seq.). The procedures already established under present law should be

made applicable to the snowmobile rather than establishing a new procedure with respect to snowmobiles. In addition, by incorporating only a few of the offenses under the Motor Vehicle laws, the bill excludes a number of offenses which should be retained.

Accordingly, I herewith return Assembly Bill No. 870 for reconsideration and recommend it be amended as follows:

ASSEMBLY BILL No. 2045

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 2045 without my approval.

Assembly Bill No. 2045 would permit the creation and operation of a joint borough police force in two or more contiguous boroughs within a county of the Third Class with a combined total population of between 2,000 and 2,500 inhabitants. On August 2, 1973, I signed the Interlocal Services Act, P. L. 1973, chapter 208 (C. 40:8A-1, *et seq.*), which authorizes all municipalities in the State to provide for joint services including police services. The enactment of the Interlocal Services Act renders Assembly Bill No. 2045 unnecessary.

Accordingly, I am herewith returning Assembly Bill No. 2045 without approval.

Respectfully,

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 602, with my objections, for reconsideration.

This bill adds a provision to the Law Against Discrimination, P. L. 1945, c. 169 (C. 10:5-12), making blockbusting unlawful discrimination. The prohibition includes blockbusting based on race, creed, color, national origin, ancestry, age, marital status or sex.

I wholeheartedly support this attempt to add an additional method of dealing with licensed realtors who engage in this practice and to reach persons other than brokers. Nevertheless, the inclusion of "age" in the blockbusting prohibition requires, though reluctantly, that I conditionally veto Assembly Bill No. 602.

In the Law Against Discrimination, P. L. 1945, c. 169, sect. 11 (C. 10:5-12), "age" is included as a basis for unlawful discrimination in the area of employment. However, "age" is not included in those portions of the Law Against Discrimination which prohibit discrimination in housing. Compare subsections 11(a), (b) and (c), as amended by P. L. 1962, c. 37, sect. 7, with subsections 11(g), (h) and (i), as amended by P. L. 1970, c. 80, sect. 14. Similarly, the Federal Fair Housing Act, 42 U.S.C. 3604, does not include "age" within the federal blockbusting prohibition.

The inclusion of "age" within the prohibition against blockbusting would create an inconsistency within the Law Against Discrimination with the provisions of the act which prohibit discrimination in housing. This inconsistency should be eliminated by deleting "age" from the prohibition against blockbusting as opposed to including "age" within the prohibition against discrimination in housing. Age has not been and is not anticipated to be a factor in blockbusting. The inclusion of "age" as a factor in discrimination in housing, on the other hand, might prohibit the desirable senior citizen communities which presently are permitted for the exclusive benefit of senior citizens.

Accordingly, I herewith return Assembly Bill No. 602 for reconsideration and recommend that it be amended as follows:

ASSEMBLY BILL No. 792 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 792 (OCR) for reconsideration.

This bill amends N. J. S. 2A :157-6 to permit certain third class counties to increase the authorized number of county detectives from two to five and to permit the appointment of one detective as lieutenant of county detectives. The bill also establishes a minimum salary for the position of lieutenant of county detectives.

As originally introduced, the bill applied to counties of the third class having a population of less than 75,000 persons. An Assembly Committee Amendment to the bill reduced the population figure to 65,000 persons. As the Senate Committee Statement To Assembly Bill No. 792 (OCR) points out, by lowering the population requirements so that the provisions of the bill apply only to third class counties with a population of less than 65,000, the bill deprives the counties of Warren and Hunterdon of the statutory authority for appointing county detectives.

Accordingly, I am returning Assembly Bill No. 792 (OCR) for reconsideration and recommend that it be amended as follows:

ASSEMBLY BILL No. 983 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 983 (OCR), with my objections, for reconsideration.

This bill would provide for an additional member on Local Redevelopment Agencies, so that the total number of commissioners on each agency would be an odd number, thereby reducing the possibility of deadlocks produced by tie votes. This is a companion measure to Assembly Bill No. 984 (OCR) which contains similar amendments to the "Local Housing Authorities Law."

I am in general agreement with the purpose of this legislation. It is my opinion, however, that the bill should be amended to also provide for an odd number of commissioners for each regional redevelopment agency, since such regional agencies are established by the same statutory section. I feel that the most appropriate method of accomplishing this is to eliminate the present provision which would permit the largest municipality in each regional agency to appoint one additional commissioner. I also feel that it is advisable to incorporate into this proposal a provision requiring the appointment of an additional member to any previously established Local Redevelopment Agency. A similar provision is contained in Assembly Bill No. 984 (OCR) which is a companion bill to this proposal.

Accordingly, I am returning Assembly Bill No. 983 (OCR) for reconsideration, with the recommendation that it be amended as follows:

1. *Page 1, Section 1, Line 11:* After "following" delete "term" and insert "terms".

2. *Page 1, Section 1, Line 14:* After "qualified.", insert "The governing body of a municipality which has hereto-

fore created a redevelopment agency consisting of five members appointed by the governing body shall forthwith appoint one additional commissioner for a five-year term."

3. *Page 2, Section 1, Lines 31-35*: Delete "The governing body of the municipality which has the greatest population of any of the municipalities creating such Regional Agency shall appoint one additional person as commissioner of the agency to serve for a term of 5 years and until his successor is appointed and has qualified."

ASSEMBLY BILL No. 984 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 984 (OCR), with my objections, for reconsideration.

This bill would amend the "Local Housing Authorities Law," P. L. 1938, c. 19, to provide an additional member on each housing authority, so that, considering the voting member which is appointed by the Director of the Division of Local Government Services in the Department of Community Affairs, each authority would have an odd number of commissioners, thus reducing the possibility of deadlock situations where the authority is unable to take effective action. The bill also specifies that the commissioner appointed by the Director shall serve for a term of five years, rather than at the pleasure of the Director.

I am in general agreement with the purpose of this bill, but there are several technical matters which I feel should be cleared up at this time. In the first place, although the

bill provides a five-year term for the commissioner appointed by the Director of the Division of Local Government Services, it also retains that part of the prior law which provides that the Director may remove this commissioner and designate a new one at any time. To avoid any confusion which might result from this apparent conflict, I believe an amendment is necessary to stipulate that the state-appointed commissioner can be removed for cause only, after notice of the charges against him and an opportunity to be heard. Furthermore, this bill provides an odd number of commissioners for local housing authorities, but fails to do so for the regional housing authorities authorized by the same statutory provision. In addition, the present law provides that regional authorities shall consist of six members, although the same section indicates that such a regional authority can consist of two or more municipalities and that each municipality shall appoint two commissioners, in addition to the state-appointed commissioner and the additional commissioner to be appointed by the largest municipality. These provisions are obviously inconsistent, and should be corrected at this time. In addition, an odd number of commissioners should be provided for regional housing authorities, by eliminating the additional member now given to the largest municipality.

Accordingly, I am returning Assembly Bill No. 984 (OCR), for reconsideration, with the recommendation that it be amended as follows:

1. *Page 1, Section 1, Line 20:* After "a", insert "county or".

2. *Page 1, Section 1, Line 21:* After "a", delete "municipal".

3. *Page 2, Section 1, Lines 39-42:* Delete "The authority shall consist of six members who shall be appointed and hold office for the terms as hereinafter provided."

4. *Page 2, Section 1, Lines 45-48:* Delete "The governing body of the municipality which has the greatest population of any of the municipalities creating the regional authority shall appoint one additional commissioner of the authority for a like term."

5. *Page 2, Section 1, Lines 57-58:* After "such person", delete "and designate a new one at any time or" and insert ", for inefficiency or neglect of duty or misconduct in office,

after a public hearing at which he shall be afforded an opportunity to be heard, either in person or by counsel, and at least 10 days prior to the holding of which he shall be served with a copy of the charges. The Director also”.

6. *Page 2, Section 1, Line 58:* After “caused by the”, insert “removal,”.

ASSEMBLY BILL No. 1433

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 1433, with my objections, for reconsideration.

This bill corrects a typographical error in reference to the “Veterans Service Council” established pursuant to P. L. 1971, c. 344. Inadvertently, the term Veterans “Affairs” Council was used in Section 11 of that law.

A review of the veterans’ laws generally indicates there exists a similarly named “Veterans’ Services Council” pursuant to P. L. 1970, c. 33. These separate councils perform different functions; however, the similarity in their names has caused much confusion. Since the Veterans Service Council pursuant to P. L. 1971, c. 344 is most concerned with veterans’ facilities, it is my recommendation that the name of that council be changed to “Veterans’ Facilities Council.”

Accordingly, I herewith return Assembly Bill No. 1433 for reconsideration and recommend that it be amended as follows:

“1. Section 1 of P. L. 1971, c. 344 (C. 30:6AA-1) is amended to read as follows:

1. As used in this act, unless otherwise indicated by the context:

a. “Commissioner” means the Commissioner of the State Department of Institutions and Agencies.

b. “Council” means the [Veterans Service] *Veterans’ Facilities Council* in the State Department of Institutions and Agencies.

c. “Member” means a person admitted to and receiving care in a veterans facility.

d. “Veteran” means a person who has been honorably discharged from active military service of the United States.

e. “Veterans facility” means any home, institution, hospital, or part thereof, the admission to which is under the jurisdiction of the State Department of Institutions and Agencies.

ASSEMBLY BILL No. 421 (3rd OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 421 (3rd OCR), with my objections, for reconsideration.

This bill provides that the owner of a motor vehicle, who has leased the vehicle to an independent contractor, shall not be liable for any parking violation under Title 39 of the Revised Statutes when the motor vehicle is under the control of the independent contractor, unless that violation was caused by the owner's failure to maintain the vehicle. A procedure is established for notification by the owner to the municipal clerk of the municipality issuing the violation of the name and address of the lessee of the vehicle. Failure to notify the municipal clerk may result in liability of the owner for the parking violation.

Assembly Bill No. 421 (3rd OCR) is limited to parking violations under Title 39. Most parking violations are not under Title 39 but are violations of municipal ordinances or regulations issued by State authorities. There is no justifiable reason for so limiting the protection provided in Assembly Bill No. 421 (3rd OCR) to violations under Title 39 of the Revised Statutes. All parking violations should be included.

Assembly Bill No. 421 (3rd OCR) limits the protection provided the owner of the motor vehicle to situations in which the vehicle is leased to an independent contractor. Here, again, there is no reason to limit the protection provided in the bill to such a narrow situation. Regardless of who the lessee of the motor vehicle is, the owner should not be held responsible for the parking violation.

The bill does not condition the exemption from liability for the parking violation upon the owner's providing the name and address of the lessee of the vehicle. While Section 3 of the bill indicates that the owner may be held liable in the event he fails to provide notice, I am of the opinion that the exemption from liability should be conditioned upon providing the name and address of the lessee.

Assembly Bill No. 421 (3rd OCR) is unclear as to whether an owner who provides the name and address of the lessee is required to attend the hearing on the parking violation. Since there may be situations in which the owner is claimed to be responsible for the violation because the violation was caused by mechanical failure resulting from the owner's failure to maintain the vehicle, a procedure should be specified in the bill to indicate under what circumstances the owner must attend the hearing on the traffic violation. Furthermore, a procedure should be indicated to provide

the owner with notice that the lessee intends to claim the violation was due to the owner's failure to maintain the vehicle.

The language "clerk of the magistrate" is utilized in Section 2 of the bill. The term "magistrate" is obsolete and appropriate alternative language should be substituted. The bill gives the Director of the Division of Motor Vehicles the authority to prescribe the form upon which the court is notified the name and the address of a lessee. The form of the notarized statement is an administrative determination which should be made by the Administrative Director of the Courts rather than the Director of the Division of Motor Vehicles. Similarly, the determination in any given case of who should be subject to the penalty for the parking violation when the owner fails to provide the required notice should be left to the discretion of the court, clearly indicating that the court has the discretion to find the owner liable in such a situation.

Accordingly, I herewith return Assembly Bill No. 421 (3rd OCR) for your reconsideration and recommend the following changes:

Page 1, Section 1, Line 1: Before "The owner" insert "a."

Page 1, Section 1, Line 2: Delete "to an independent contractor"

c. Paragraph a. of this section shall not apply to any parking violation which was caused by mechanical failure of the vehicle which resulted from the owner's failure to maintain the vehicle.

The lessee of the motor vehicle who intends to claim the violation resulted from the owner's failure to maintain the vehicle shall notify the clerk of the court where the case is pending and the owner of the vehicle of this claim within 5 days after receiving notice of the violation or at least 7 days prior to the date the case will be heard by the court, whichever is later."

ASSEMBLY BILL No. 720

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 720 for your reconsideration.

This bill amends R. S. 40:62-2 to provide that any municipality which operates any light, heat or power plant, or is engaged in the business of transportation, keep its books, records and accounts with respect to such business in the same manner as all other books, records and accounts of the municipality. Presently, R. S. 40:62-2 requires that the books, records and accounts be maintained in the manner required by the Board of Public Utility Commissioners.

Municipal utilities are not generally under the jurisdiction of the Board of Public Utility Commissioners. I, therefore, see no need to require municipalities to maintain two sets of books and records in order to provide information in the form required by the Board on those municipal utilities covered by R. S. 40:62-2. Nevertheless, in those limited situations where the municipal utility provides service outside the municipality, the Board is responsible for setting the rates charged those outside the municipality. In order to fulfill this function, the Board must receive information in the form and manner they require. Consequently, it is necessary in these limited situations that the books, records and accounts be maintained in the form required by the Board.

Accordingly, I herewith return Assembly Bill No. 720 for your reconsideration and recommend it be amended as follows:

Page 1, Section 1, Line 2: Delete "Whenever any" and insert "Any"

"a. keep its books, records and accounts in the same manner as provided by statute for keeping other books, records and accounts of a municipality, and file with the Board of Public Utility Commissioners a copy of its Annual Report of Audit by a registered municipal accountant if the municipality provides light, heat or power only within the limits of the municipality;

b. keep its books, records and accounts and make reports to the Board in a manner and form and to the same extent as the Board shall from time to time require of other public utilities in similar businesses in all other situations;

ASSEMBLY BILL No. 440 (2d OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 440 (2d OCR), with my objections, for reconsideration.

This bill would amend the New Jersey Corporation Business Tax Act by adding an additional exemption from the franchise tax imposed thereunder (P. L. 1945, c. 162, Sec. 3; C. 54:10A-3). The exemption proposed would exempt "corporations not for profit . . . where the primary purpose thereof is to provide for its shareholders or members housing in a retirement community as same as is defined under the provisions of the "Retirement Community Full Disclosure Act" P. L. 1969, c. 215 (C. 45:22A-2(b)).

This proposed exemption is intended to benefit retirement communities organized as cooperative corporations. I am in complete sympathy with the many senior citizens who live on fixed incomes and are often in need of real estate tax relief, and recognize that they are unable to benefit from the annual real estate deduction which would otherwise be available to them. Hopefully, the enactment of this bill will result in reduced maintenance charges to members of such cooperatives. However, this bill is technically deficient since its enactment would delete C. 211, Section 4, P. L. 1972 approved by me December 29, 1972, which exempted corporations operating regular route bus service within the State pursuant to R. S. 48:4-3. In order to correct this oversight, I herewith return Assembly Bill No. 440 (2nd OCR) for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, after line 8 insert

"(b) corporations which operate regular route autobus service within this State under operating authority conferred pursuant to R. S. 48:4-3, provided, however, that such corporations shall not be exempt from the tax on net income imposed by section 5 (c) of P. L. 1945, c. 162 (C. 54:10A-5 (c));"

ASSEMBLY BILL No. 887 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 887 (OCR), with my objections for reconsideration.

This bill would provide that a person sentenced to a State penal institution shall not be deemed to be a prior offender by virtue of the fact that he had previously been sentenced for another offense to a State penal institution of a state other than New Jersey if, at the time of the sentence for commission of such other prior offense, he was under 18 years of age.

Classification as a “prior offender” is important in determining eligibility for parole under our existing parole structure. An inmate who is a first offender is eligible for parole consideration after he has served $\frac{1}{3}$ of his maximum sentence. If he is a second offender, he must serve $\frac{1}{2}$ of his maximum sentence before he can be considered for parole. A third offender must serve $\frac{2}{3}$ of his maximum and a fourth offender must serve $\frac{4}{5}$ of his maximum before he is eligible for parole consideration.

Juveniles in New Jersey already receive this protection because a finding of juvenile delinquency is not considered an offense pursuant to N. J. S. 2A:4-39. I wholeheartedly support this legislation insofar as it avoids the “prior

offender status" for persons who committed offenses in other states when they were minors. They must serve their sentence for their prior offense; however, I agree with the purpose of this bill to insure that the prior offense committed at an early age shall not have the effect of lengthening the time of service of sentence for a later offense.

Nevertheless, there are situations in other states when the juvenile is specifically treated as an adult offender as under N. J. S. 2A:4-15 in this State. In such situations the offender should not receive the protection afforded by Assembly Bill No. 887 (OCR) just as similar offenders in this State would not receive the protection provided by the bill. Furthermore, the bill is not clear as to whether the age of the minor should be related to the commission of the offense or the imposition of sentence therefor. In New Jersey, the age of the offender at the time of the commission of the offense determines treatment as a juvenile. This same test should be applied to offenders in other states.

Accordingly, I herewith return Assembly Bill No. 887 (OCR) for reconsideration and recommend it be amended as follows:

Page 2, section 1, line 56: after "time" insert "of the commission of"

Page 2, section 1, line 58: after "unless" insert ": (1)"

Page 2, section 1, line 60: after "imposed" insert ", "

ASSEMBLY BILL No. 1143 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 1143 (OCR), with my objections, for reconsideration.

This bill permits the governing body of a municipality to enter into a contract with other municipalities or other public utilities for the joint acquisition and ownership of electrical generating, storage and transmission facilities to service the municipality and outside of the municipality. Such contract may be for the anticipated useful life of the facilities. The bill waives the requirement to submit such joint facilities to public bids under P. L. 1971, c. 198 (C. 40A:11-1 et seq.). The bill also specifies that the acquisition of joint facilities may not be submitted to referendum provided the question of whether the municipality should acquire or construct these electrical facilities was at any time submitted to the voters in accordance with R. S. 40:62-15. Municipalities entering into such contracts are authorized to incur indebtedness in accordance with the Local Bond Law of New Jersey.

The necessity of obtaining electrical energy without causing greater pollution in our environment is now of paramount concern. Any solution to this problem requires large-scale planning and probably the investment of large amounts of capital. Existence of this problem and the need for its immediate solution prohibits the State from allowing the proliferation of small electrical utilities which could be fostered by Assembly Bill No. 1143 (OCR). If small municipal utilities were permitted to develop, as has occurred in the area of solid waste disposal, it would not be possible to find the necessary solutions to this problem without substantial money supplied by the government. The economic foundation of electrical public utilities would be eroded by municipalities contracting between themselves to purchase generating facilities for their municipal utili-

ties. In addition, municipal utilities would not be subject to regulation by the Public Utility Commission, except to the extent that they provide service outside of the municipality. These utilities would not be subject to the long-range planning for the State provided by the Board of Public Utility Commissioners.

I recognize that some municipal utilities with their own generating facilities already exist. Where a municipality has already made a substantial commitment by creating a municipal utility with its own generating facilities, I would not want to preclude that municipality from providing service to its residents.

Accordingly, I herewith return Assembly Bill No. 1143 (OCR) for your reconsideration and recommend that it be changed as follows:

ASSEMBLY BILL No. 1439

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 1439 with my objections, for reconsideration.

Assembly Bill No. 1439 provides that when a municipal police officer is conferred with county-wide police powers and is acting under lawful authority outside the limits of his municipality, he be afforded the pension, relief, disability, workmen's compensation, insurance, immunity from tort liability and other benefits he enjoys while working within the municipality.

The grant of protection under the bill is predicated upon the municipal police officer being conferred with county-wide police powers. There is presently no statutory authority for municipal police officers to be conferred with county-wide police powers. Since a county may act only with respect to those purposes which are authorized by statute or are reasonably inferred from a statutorily authorized purpose, statutory authority must be provided for municipal police officers to be granted county-wide police powers before the protection provided by Assembly Bill No. 1439 will become meaningful. Consequently, I recommend that authority be given to the prosecutor's office to create operational county-wide law enforcement units and that they be given the authority to designate, with the approval of the governing body of the municipality, municipal police officers as members of these special units with county-wide powers.

Accordingly, I herewith return Assembly Bill No. 1439 with the following recommendations:

Page 1, Title: Delete "concerning municipal police" and insert "relating to county-wide jurisdiction and rights of police officers in certain cases"

Page 1, Title: Delete "chapter 14 of Title 40A" and insert "chapter 158 of Title 2A"

Any police officer so designated by the county prosecutor, while remaining an employee of the county, municipality or commission, shall be under the direction of the county prosecutor and shall possess all the powers and rights necessary for the detection, apprehension and arrest of any offenders against the law within the territorial limits of said county not withstanding the provisions of N. J. S. 40A:14-152."

ASSEMBLY BILL No. 1443

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 1443 with my objections, for reconsideration.

Assembly Bill No. 1443 provides that when the term "minor", "minority", or "majority" is utilized in a will, deed, conveyance, gift, contract, trust or similar instrument executed prior to January 1, 1973, that term shall be construed to refer to the age of 21 years unless a contrary intention appears.

P. L. 1972, c. 81 (C. 9:17B-1) reduced the age of majority from age 21 to age 18. This statute was signed into law on January 5, 1972 with an effective date of January 1, 1973. The enactment of P. L. 1972, c. 81 created a question with respect to the meaning of the terms "minor", "minority" or "majority" in instruments, especially wills, drafted before January 1, 1973. Assembly Bill No. 1443 would interpret these terms to mean age 21.

I agree with the need for clarification of these terms but I am of the opinion that they should be interpreted to mean age 18.

It is impossible with certainty to know the actual intent of a testator of a will executed prior to January 1, 1973. Prior to the enactment of P. L. 1972, c. 81, a person under the age of 21 could not obtain enjoyment of any legacy. A testator executing a will prior to January 1, 1973, therefore, had no alternative below the age of 21 as the age at which he might give a beneficiary the enjoyment of a legacy. There is strong reason to suggest that these terms, in wills executed after July 5, 1972, should not be interpreted as provided in Assembly Bill No. 1443. Interpreting the terms "minor", "minority", or "majority" in such wills to mean age 21 seems contrary to the reasonable intent of such a testator. After enactment of P. L. 1973, c. 81 it would have been clear to any testator that after January 1, 1973, the

effective date of the act, the terms "minority" and "majority" would be interpreted to mean age 18. A testator wishing to have a legacy vest at an age other than 18 would have specified such age rather than using the general terms "minority" or "majority". The continued use of the general terms during the period from July 5, 1972 to January 1, 1973 emphasizes that the use of these terms prior to July, 1972 was not intended to mean age 21 but whatever age the Legislature indicated these terms would mean.

Enactment of Assembly Bill No. 1443 in its present form would lead to a number of anomalous results. Persons between the ages of 18 and 21 whose legacy vested after January 1, 1973 could not be divested of their interest by the enactment of Assembly Bill No. 1443. Yet, if the bill were enacted, thereafter, persons between the ages of 18 and 21 would not be able to inherit any legacy unless they could show a specific intent on the part of the testator that they should inherit. In addition, a person between the ages of 18 and 21, because of the lowering of the age of majority could be a fiduciary, an executor of a will or make his own will, but would not be able to inherit a legacy under Assembly Bill No. 1443. This result would be contrary to the policy underlying P. L. 1972, c. 81. Having made this policy decision, we should move forward in the same direction rather than taking a step backwards creating inconsistent results in specific areas.

P. L. 1972, c. 81 could not affect contract rights and was not intended to alter the provisions of the Uniform Gifts to Minors Act, N. J. S. 2A:14-21. The inclusion of the two instruments, "contracts" and "gifts", in Assembly Bill No. 1443 might erroneously imply that P. L. 1972, c. 81 affected those instruments drafted after January 1, 1973 utilizing the term "minority" or "majority". The references to these two types of instruments or conveyances may be deleted without affecting the interpretation of the terms "majority" or "minority" in instruments executed before January 1, 1973.

Accordingly, I herewith return Assembly Bill No. 1443 for your reconsideration and recommend it be changed as follows:

Mr. J. J. Horn moved that the message be spread in full upon the minutes.

Which motion was adopted.

The Clerk read the following message from the Governor:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
November 12, 1973. }

ASSEMBLY BILL No. 1512

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 (b) of the Constitution, I herewith return Assembly Bill No. 1512, with my objections, for reconsideration.

This bill would provide an exemption from licensing fees for the taking of oysters or clams by senior citizens. The present law provides that residents shall pay not less than \$1 but not more than \$10 for such a license, and that non-residents shall pay \$25. This proposed legislation also distinguishes between senior citizens, providing that a male applicant for a license shall not be charged a fee if he is 65 or more years of age, and that a female applicant shall not be charged a fee if she is 62 or more years of age.

I am in agreement that senior citizens should be given every possible benefit particularly with respect to such recreationally oriented activities. However, I am also aware that the license fee for residents and non-residents is established at different rates. Therefore, consistent with this policy, I strongly believe that such a distinction should be implemented in the area of benefits for senior citizens, and that only New Jersey citizens and residents should be entitled to claim such an exemption.

Also, I fail to perceive a valid distinction or reason to distinguish between eligible male or female applicants by age. There is no reason in policy why both male and female applicants should not be eligible for such an exemption at age 62.

Accordingly, I herewith return Assembly Bill No. 1512 for reconsideration with the recommendation that it be amended as follows:

Page 1, Section 1, line 6: Delete the word "man" and insert "person".

Page 1, Section 1, line 7: Delete the words "65 or more years of age, or a woman".

Page 1, Section 1, line 7: After the word "age" omit "." and insert ", provided such person is a citizen and actual resident of this State."

Respectfully,

ASSEMBLY BILL No. 2072

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 (b) of the Constitution, I herewith return Assembly Bill No. 2072 with my objections, for reconsideration.

Assembly Bill No. 2072 repeals the requirement for notice in a retail installment sales contract for the purchase of a motor vehicle that a purchaser required to provide insurance in connection therewith who does not secure liability insurance "may" have his license and registration revoked if he has an accident.

The portion of the notice indicating that a person "may" lose his license and registration if he does not obtain liabil-

ity insurance is inconsistent with P. L. 1972, c. 197 (C. 39:6B-1 et seq.) which mandates that any vehicle operated on the public highways of New Jersey be covered by liability insurance. However, it would be inappropriate to entirely repeal the notice of the requirement for liability insurance when the retail installment sales contract does not include such insurance. Indeed, the need for such a notice is increased with the advent of mandatory liability insurance.

Accordingly, I herewith return Assembly Bill No. 2072 for reconsideration and recommend that it be amended as follows:

Page 1, Title, Line 1: After "and" delete "repealing" and insert "amending".

Page 1, Section 1, Line 2: Delete "repealed." and insert "amended to read as follows:

32. Whenever, in the sale of a motor vehicle, the retail buyer is required, under the provisions of this act, to provide a policy of insurance and such policy of insurance does not contain the liability insurance [provisions of sections 3, 24, 25 or 26 of the Motor Vehicle Security Responsibility Law (P. L. 1952, c. 173)] *required by section 1 of P. L. 1972, c. 197 (C. 39:6B-1)*, the retail installment contract shall contain, immediately following the statement therein concerning insurance, the following notice printed prominently, in the form herein indicated or in such other form as may be approved by the commissioner, in 10-point type or larger:

"THIS DOES NOT INCLUDE INSURANCE ON YOUR LIABILITY FOR BODILY INJURY OR PROPERTY DAMAGE. WITHOUT SUCH INSURANCE, [YOUR LICENSE AND REGISTRATION MAY BE REVOKED IF YOU HAVE AN ACCIDENT] YOU MAY NOT OPERATE THIS VEHICLE ON PUBLIC HIGHWAYS." "

M. J. Doyle, Inc. \$183,585.06

This item is reduced from \$183,585.06 to \$110,000.00.

The appropriation in this bill would provide \$183,585.06 as payment of a claim by M. J. Doyle, Inc. for additional cost items incurred in conjunction with the Hunterdon State School Project due to delays during construction.

This claim has been the subject of extensive study by the Division of Building and Construction in the Department of the Treasury, the State agency which reviews construction contracts. In addition, several meetings were held between

representatives of M. J. Doyle, Inc. and the Division of Building and Construction, seeking to resolve the differences in connection with this claim. Offers and counter-offers were made for the purpose of settlement. However, no accord was reached.

I am reducing the appropriation in this bill from \$183,575.06 to \$110,000.00. This reduced amount approximates the lowest settlement figure which M. J. Doyle, Inc. was willing to accept at one point in the settlement negotiations. It is substantially more than the top offer of \$75,000.00 which was made to M. J. Doyle to settle this claim. While several items in the Doyle claim were disputed by the Division of Building and Construction, it is recognized in retrospect that several of these could be considered to be borderline. It is appropriate, therefore, that the previous offers by the State be increased to \$110,000.00.

In addition, the State was required to expend \$39,200.00 for correction of defective work discovered subsequent to the settlement discussions and, to that extent, the adjusted appropriation in this bill represents a sizable increase over any offers previously made by the State.

It is impossible to determine the amount which should be paid on this claim with 100% accuracy. There is no scientific way to resolve the differences of M. J. Doyle, Inc. and the Division of Building and Construction as to point of view or dollar amounts for particular items. I feel the \$110,000.00 appropriation which I have provided in this bill represents a fair and equitable determination of this claim based upon the existing circumstances.

Respectfully,

[SEAL]

Attest:

/s/ WILLIAM T. CAHILL,

Governor.

/s/ JEAN E. MULFORD,

Acting Secretary to the Governor.

Mr. Hurley moved that the message be spread in full upon the minutes.

Which motion was adopted.

Mr. Friedland offered the following resolution, which was read by the Clerk and adopted:

WHEREAS, The actions and threats of action by certain oil-producing nations to interrupt or restrict the flow of

petroleum supplies to this nation have resulted in, and may hereafter exacerbate, critical shortages of necessary fuels, resulting in numerous instances of human hardship and economic dislocation; and,

WHEREAS, It is not consonant with either the interests or the dignity of this nation to tolerate such high-handed attempts by oil-producing nations to dictate American policy through the use of such threats and acts of embargo; and,

WHEREAS, It is inconsistent with decent and usual international practice that normal commercial arrangements should be deranged and distorted for the purposes of economic blackmail by any nation or group of nations against any other nation or group of nations; now, therefore,

Be It Resolved by the General Assembly of the State of New Jersey:

That this House hereby calls upon the President of the United States to make perfectly clear to any and all nations taking, or threatening to take, measures to curtail or interrupt the supply of essential fuels to the United States that any such action is, and will be deemed by this nation to be, an unfriendly act, with such consequences as may necessarily flow therefrom; and,

Be It Further Resolved, That duly authenticated copies of this resolution be transmitted to the President of the United States, to the President pro-tempore of the United States Senate, the Speaker of the United States House of Representatives, the Chairmen of the Senate and House Foreign Relations Committees and each of the members of the Congress elected from this State.

ASSEMBLY BILL No. 1130 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 1130 (OCR), without my approval.

This bill would provide a vested pension right for members of the Prison Officers Pension Fund who have completed 15 years as active members of that fund. This deferred pension would be payable at age 55.

Such a vested pension right has been made available to the prison officers in question as a result of Senate Bill No. 2310, which I signed into law on June 1, 1973 and is now chapter 156 of the Public Laws of 1973.

Accordingly, I herewith return Assembly Bill No. 1130 (OCR), without my approval.

ASSEMBLY BILL No. 1081

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 1081 without my approval.

This bill would require retailers to segregate liquid drain cleaners containing sulfuric acid, sodium hydroxide or liquid potassium hydroxide and to display them along with a sign 1 foot by 2 feet in size "warning of the dangers and health hazards resulting from the use of such cleaners." Violation of this requirement would be a disorderly persons offense.

Mere segregation and warning of the dangers of a particular product do not guarantee any protection for the public. A label or warning would mean little to a child who might accidentally come into contact with this type of cleaner. The Federal Poison Prevention Packaging Act of 1970 is an example of legislation which does help to protect the public. The Act requires child resistant caps on the cleaners covered by Assembly Bill No. 1081. Child resistant caps will help to protect a child who might accidentally play with one of these cleaners. Assembly Bill No. 1081, therefore, does not represent the proper approach of legislation intended to protect the public.

The Federal Hazardous Substances Act, 15 U.S.C. 1261 (1960), supersedes all State laws requiring warnings on the labels of the products covered by Assembly Bill No. 1081. Even though Assembly Bill No. 1081 does not require an additional warning on the label, a serious question arises as to whether the bill would violate the import of the federal statute in requiring an additional warning at the point of display of the product. In addition, Assembly Bill No. 1081 does not clearly indicate the form of warning required at the point of display of the drain cleaners. It would be difficult, if not impossible, for a retailer to insure he was meeting the bill's requirement of "warning of the dangers and health hazards resulting from the use of such cleaners." The ambiguity of this language places an unreasonable and

ASSEMBLY BILL No. 1004 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 1004 (OCR) without my approval, for the following reasons:

This bill would modify the present ban on the open burning of vegetative waste materials established by the Department of Environmental Protection in an administrative regulation which became effective on January 1, 1973. The bill would require the Department to issue annual open burning permits to those persons and firms who demonstrate that it is not technically or economically feasible to dispose of such materials by alternative methods. A permit holder would be allowed to burn only when the Department reported by means of a telephone information service that air quality conditions in the district of the permit holder were sufficiently good to accept additional burning.

It is agreed by both proponents and opponents of this bill that New Jersey suffers from a particularly severe air pollution problem. Strong measures must be adopted to prevent the further deterioration of the quality of our air and to restore it to a healthful, natural condition. The State is required to meet certain ambient air quality standards regarding particulate matter under the federal Clean Air Act of 1970, and if the State fails to meet these

standards, the federal government may itself establish a plan prohibiting open burning. I believe it is the better practice for our own officials to determine how best the State can meet the mandated air quality standards than for the federal government to do so. I have full confidence in the ability of our Department of Environmental Protection to administer a reasonable method of preventing the unnecessary despoliation of our natural resources.

In addition, I cannot disregard the experience of the past ten and one-half months during which the Department's ban on open burning has been in effect. Despite predictions of adverse consequences from the impending ban, as with the Department's prior ban of the burning of leaves, there has been on the contrary a remarkable ability of our citizens and industries to utilize the available alternative methods of disposal of vegetative waste materials. As we have all seen so often in the past, necessity is the mother of invention. Where tree limbs and agricultural refuse in other years were burned, in 1973 they were chipped, shredded, buried or disked into the topsoil. New jobs have been created to reduce vegetative waste to manageable proportions and new uses have been found for materials which were formerly treated as waste. The use of wood chips as mulch, for example, has greatly increased in this State since January. Furthermore, the 60,000 tons of wood chips which New Jersey industry imports every year can now be provided locally. The primary users of wood in New Jersey, such as loggers, sawmills and pulpmills, are presently able to dispose of 95% of their "wastes" by selling them at a profit. Similar results might be obtained with many types of vegetative waste materials. In short, our technological abilities are such that we no longer need to resort to burning as the easiest and least expensive way to dispose of wood residues. Rather than release unnecessary and excessive particulates into the air we breathe, we must use wood wastes productively. They should be either returned directly to the soil, as natural processes would do without man's intervention, or they should be used in one of the many established or developing markets for wood residues.

I veto this measure with full awareness that over the short run, until the weight of our technology can be brought fully to bear on the problem, disposal without burning may increase costs of such things as land clearing, development

and highway construction. I am convinced that economies achieved at the expense of environmental deterioration are false economies paid for too dearly by our citizenry over the long run. As a people we have for too long worshipped at the temple of such false economy. Illusory savings have brought us to a juncture where our rivers, our streams and the air we breathe can be cleansed if at all only by the expenditure of enormous sums of money. We can not continue with the creation of such a legacy for our children.

ASSEMBLY BILL No. 876 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 876 (OCR), without my approval, for the following reasons:

This bill would increase the filing fee for claims in the division of small claims of the county district court from \$2.10 for the filing of a summons to \$7.00 therefor in the case of claims for more than \$200.00. The fee for claims exceeding \$200.00 would thus be equal to the filing fee in the county district court generally. The filing fee for claims of \$200.00 or less would continue to be \$2.10.

Under existing law, the monetary jurisdiction for claims in the small claims division of the county district court is a maximum of \$200.00, except for those actions seeking a return of security deposit in landlord and tenant cases where the maximum jurisdiction is \$500.00. The \$500.00 maximum in landlord and tenant cases was established

pursuant to chapter 188 of the Laws of 1970, apparently to provide a quick and inexpensive remedy in those situations where a security deposit was disputed between landlords and tenants. The effect of this bill would be to eliminate the quick and inexpensive remedy just recently established for these landlord and tenant cases. There would thus be no advantage obtained or incentive for bringing these actions in the small claims division as compared to the county district court generally.

I cannot support this legislation since it is regressive and, further, it places an added burden of increased fees on those least able to pay the increased costs. I am advised that the revenue which would be produced by this legislation is minimal. Further, there is no additional burden of work on the court personnel due to the amount in dispute in these matters.

Accordingly, I feel that I must return Assembly Bill No. 876 (OCR) without my approval.

ASSEMBLY BILL No. 365 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 365 (OCR), without my approval, for the following reasons:

This bill would authorize the Department of Institutions and Agencies to purchase residential care and treatment for patients in the State mental facilities. The purchase

of care provided would be accomplished in the same manner as presently provided for care of the mentally retarded.

The Department of Institutions and Agencies was authorized to purchase residential care for the mentally retarded pursuant to P.L. 1965, chapter 59 (C. 30:4-165.2). The 1965 legislation for the mentally retarded was required because of the shortage of beds and other space in the State schools for the retarded. It was necessary then to provide alternate means and facilities for the care and treatment of the mentally retarded. Such condition does not now exist in connection with the State psychiatric hospitals which provide for mentally ill patients. At the present time, there exists no similar situation of overcrowding in the State psychiatric hospitals. The discharge rate of patients from these hospitals is favorable.

Further, these psychiatric hospitals are more involved in community mental health services. The recent State psychiatric hospital sectionalization plan is designed to provide proper care and treatment for the mentally ill and thus avoid the concept of the "large impersonal" State institution. For these reasons, I feel it is unnecessary to establish two classes of public mental hospital patients—one residing in the public mental hospitals and the other residing in a private institution. The need for such distinction just does not now exist.

Accordingly, I feel that I must return Assembly Bill No. 365 (OCR) without my approval.

ASSEMBLY BILL No. 1449 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 1449 (OCR), without my approval, for the following reasons:

This bill would require a referendum prior to the acquisition or development of land in a municipality for the establishment of an airport or other similar facility. A majority of those voting in the municipality and also in the county involved would have to approve, otherwise the airport could not be built by a county, municipality or other person.

This bill has numerous problems. While it apparently seeks to control development of airports by persons other than counties and municipalities, the procedure for a referendum is limited to situations where counties or municipalities pass a resolution stating an intent to establish an airport. No procedure for a referendum is specified for the case of an airport to be established by someone other than a county or municipality.

Further, the use of the term "or other person" causes grave uncertainty. This phrase is not defined. It cannot thus be determined whether it is meant to cover only private persons and entities or whether it also includes all public entities such as the State of New Jersey or the Port of New York and New Jersey Authority. If this language were interpreted to include all public entities, the bill could effectively preclude the construction of airports in any part of the State regardless of the needs of the public. This would not be in the public interest and would render the State Master Transportation Plan meaningless.

The Department of Transportation has promulgated rules and regulations governing aeronautical facilities setting forth requirements that must be met before a license for an aeronautical facility can be issued. The interrelationship between those regulations and local zoning and

planning ordinances, while litigated in several instances, can hardly be deemed settled. Further, regulations, existing and needed from the point of view of environmental impact, are also relevant. To date, it has not been resolved that such State regulations as do exist preempt all efforts of local governmental units to exercise control. Perhaps that is a result to be avoided. Equally necessary to avoid, however, is preemption by local governmental units of the power to make final decisions in this area.

Air transportation is regarded by all planners as a necessary and integral part of a sound transportation system. The convenient and proper location of necessary facilities for air transportation is vital to our State's future. Local communities are entitled to be protected against the visitation upon them of environmental hardships or unbearable nuisances. Similarly, the citizenry of the entire State is equally entitled to protection from having its best interests frustrated by local referenda which could produce results not required for local protection or the community's safety and welfare.

This is an area in which the Legislature could appropriately act. A sound balancing of the interests of local communities and those of the State's citizenry is required. The job must be done carefully and judiciously if our State is to prosper and its citizens, all of its citizens, enjoy full measure of protection. I do not feel that A-1449 reflects an adequate consideration of or treatment of these problems.

I am therefore returning Assembly Bill No. 1449 (OCR) without my approval.

ASSEMBLY BILL No. 456

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 456, without my approval, for the following reasons :

This bill would require the Commissioner of Transportation, prior to licensing a proposed heliport or helistop, to obtain a certificate from the appropriate municipal or county authority that the proposed facility is not contrary to provisions of existing zoning ordinances or other laws.

This bill is similar in principle to Assembly Bill No. 1449 (OCR) which I have vetoed. While A-456 would condition construction of heliports and helistops on favorable municipal ordinances, A-1449 (OCR) would condition construction of all airport facilities on a favorable result of a municipal referendum. The considerations I found to be persuasive and controlling with regard to Assembly Bill No. 1449 (OCR) are equally as applicable in connection with Assembly Bill No. 456.

The construction of helistops and heliports could be effectively precluded in any part of the State regardless of the needs of the people by this bill. This would not be in the public interest and would render the State Master Transportation Plan meaningless.

The Department of Transportation has promulgated rules and regulations governing aeronautical facilities setting forth requirements that must be met before a license for an aeronautical facility, including helistops and heliports, can be issued. The interrelationship between those regulations and local zoning and planning ordinances, while litigated in several instances, can hardly be deemed settled. In the negative was—

Mr. Hawkins—1.

Messrs. Hurley and Foran offered the following resolution, which was read by the Clerk and adopted:

WHEREAS, The Honorable John J. Horn has served as the Democratic Party floor leader in the General Assembly for the past two years, and;

WHEREAS, Assemblyman Horn has been a forceful and articulate spokesman for his party, and;

WHEREAS, Assemblyman Horn is moving to the Senate after serving three terms in the Assembly.

Now, Therefore, Be It Resolved, That the personal appreciation of the Republican leadership and all members of the Republican Party in the Assembly be extended to Assemblyman Horn for the able manner in which he has fulfilled his duties as Democratic floor leader, and;

Be It Further Resolved, That the good wishes of the Republican Party be extended to Assemblyman Horn in his new endeavors in the Senate.

Messrs. J. J. Horn and Owens offered the following resolution, which was read by the Clerk and adopted:

WHEREAS, The Honorable James R. Hurley and Walter E. Foran have served as Republican floor leader and whip, respectively, during this past session of the General Assembly, and;

WHEREAS, Both Assemblymen Hurley and Foran have carried out the duties of their respective offices in a capable and conscientious fashion, and;

WHEREAS, Both have been articulate and firm spokesmen for their party in the Legislature,

Now, Therefore, Be It Resolved, That the thanks and appreciation of the members of the Democratic Party in the General Assembly be extended to Assemblymen Hurley and Foran along with our hopes for continued future success in their careers in public office.

Messrs. Hurley, Foran, J. J. Horn and Owens offered the following resolution, which was read by the Clerk and adopted:

WHEREAS, The Honorable Thomas H. Kean has served as Speaker of the New Jersey General Assembly for the past two years, and;

WHEREAS, Speaker Kean has carried out the duties of his office in a diligent and capable fashion, and;

WHEREAS, He has conducted his office in a scrupulously fair manner above partisan considerations, and;

WHEREAS, Speaker Kean, during his term as Speaker, has earned the respect and admiration of all the members of this body,

Now, Therefore, Be It Resolved, And the same is hereby resolved, that the members of the New Jersey General Assembly extend to the Honorable Thomas H. Kean their heartfelt thanks and appreciation for the courtesy and consideration he has shown during this past session, and for his conscientiousness and devotion to his office and to the public interest.

Mr. Hurley presented a gift to Mr. Kean.

Mr. Kean offered the following resolution, which was read by the Clerk and adopted:

WHEREAS, The 195th Session of the New Jersey General Assembly is at a close, and;

WHEREAS, Many of the members of the General Assembly will not be serving in this body in the coming session,

Now, Therefore, Be It Resolved, That the warm and deep appreciation of the Speaker, Thomas H. Kean, is hereby extended to all outgoing members of the General Assembly for the kindness and consideration shown during the past two years.

ASSEMBLY BILL No. 1232

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 1232, without my approval, for the following reason:

Assembly Bill No. 1232 purports to amend the New Jersey High Voltage Proximity Act (P. L. 1948, c. 249, § 1; C. 34:6-47.1 et seq.) to prohibit an employer from either

requiring or permitting an employee to work on electrical power lines of certain voltages unless such lines are either deenergized before such work is commenced or unless such work is performed through methods which do not include the handling of such lines with gloves.

Advocates of the legislation maintain that it is a measure required to insure the safety of such employees. Opponents of the measure maintain that it is not required for safety reasons and would have the effect of either greatly increasing costs of such work with such costs ultimately being visited upon the consumers in the form of increased rates or of substantial inconvenience to the consuming public as a result of intermittent service interruptions. Such reliable advice as I have been able to obtain leaves me uncertain as to which, opponents or advocates, are right.

I am persuaded, however, that safety measures such as this, where required, are better handled administratively than legislatively. I note that current regulation under the Federal Occupational Safety and Health Act of 1970 permits the handling of such voltages with the use of gloves. While this does not establish conclusively that reasonable safety requirements do not compel a contrary conclusion, it does suggest that our Bureau of Engineering and Safety in the Department of Labor and Industry can bring to this issue the kind of expertise and continuing review it deserves.

We are faced with an energy crisis. The public interest will require that utilities greatly expand their electrical generation and distribution systems. At the same time, this administration has concluded that it is in the interest of our citizenry to have New Jersey continue to regulate in areas such as this rather than deferring to Federal regulation. Implementation of that policy still requires both legislative and administrative action on a comprehensive basis at an early date. We feel that this particular problem can best be handled as part of that effort and ultimately through the administrative process.

This particular bill, ironically, is illustrative of the merit of handling such problems where possible administratively. Were the bill signed, section 2 of the present law (C. 34:6-47.2) as it would be amended could be construed to permit non-qualified employees, that is employees other than those described in section 8 of the act (C. 34:6-47.8), (who include employees of electrical companies) to work on

such high voltage lines, where without approval of this act, they would not be permitted to so do. The present law requires that the Commissioner of Labor and Industry approve methods or devices used to work on such lines by non-qualified persons prior to the performance of such work. The language of this bill would eliminate this approval requirement with respect to voltages in excess of 13,200 volts, although retaining it for the lower voltages. Therefore, the original policy to prohibit such non-qualified persons from working on such lines could be frustrated. I do not believe this to have been the intention of the sponsors of this legislation. Thus, even if persuaded that this legislation were required as a matter of policy, I could not sign it in its present form.

I am therefore returning Assembly Bill No. 1232 without my approval.

Respectfully,

ASSEMBLY BILL No. 122

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 122, without my approval.

Assembly Bill No. 122 would amend N. J. S. 18A:13-15 which grants power to the Board of Education of any regional school district to acquire for school purposes by purchase, condemnation, or otherwise lands not exceeding 45 acres which may be situated either partially or wholly in one or more municipalities outside the regional school

district. This proposed legislation would further limit the power of such a Board of Education by prohibiting such acquisition if the parcel acquired would exceed 10% of the total acreage of the municipality where the real estate is located. The amendment limits such a prohibition to municipalities which do not exceed 150 acres in area.

While realizing that the purpose of this legislation may have been to solve a particular municipal problem, I consider it bad precedent to attempt to solve such problems by a statute which could preclude action by the appropriate administrative agency which is best equipped to handle them. Section 6:22-22 of the New Jersey Administrative Code limits the power of any Board of Education to acquire land for school sites without prior approval of the State Department of Education. Realizing that local municipal problems may be created by such acquisitions, I have full confidence in the State Department of Education to consider all factors in reviewing such acquisitions by the school board in question. Furthermore, it would be most undesirable to complicate the present law concerning school lands acquisition by the adoption of legislation which appears to attempt to solve only a very special problem.

Accordingly, I herewith return Assembly Bill No. 122 without my approval.

ASSEMBLY BILL No. 730

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 730, without my approval, for the following reasons:

This bill would bring taxicabs within the authority of the Public Utility Commission. It is supported by some owners and operators of taxicabs who complained, with some justification, that a multiplicity of municipal regulations and licensing procedures, often conflicting, impose upon the taxicab owner and operator a sometimes impossible burden. While sympathetic to the problem, I am of the opinion that this bill, as a cure, is worse than the malady.

Assembly Bill No. 730 would impose Public Utility Commission jurisdiction over the taxicab industry by including taxicabs within the definition of an "autobus". While handy as a short cut to achieving State regulation, the device is inappropriate for the simple reason that taxicabs do in fact differ in material respects from, and undoubtedly ought to be distinguished from, autobuses. For example, the Division of Motor Vehicles presently inspects all taxicabs within the State, while the Board of Public Utility Commissioners inspects autobuses. Autobus operators are required to provide the Board with adequate garages and facilities for inspection of their vehicles. Taxicab operators would be under a similar requirement to provide the facilities and garages to permit the inspection by the Board of Public Utility Commissioners. Yet, few taxicab operators would have the facilities and the place to permit proper inspection of their vehicles. In addition, taxicabs would be required to pay an excise tax under R. S. 48:4-20. The State may have to reimburse municipalities for miles of operation of taxicabs within the municipality under P. L. 1972, c. 211, § 7, which was an alternative to the franchise tax for autobuses provided by R. S. 48:4-14. The State is not prepared to meet such a requirement which was never intended to apply to taxicabs.

More importantly perhaps is the necessity for distinguishing between industries or businesses which operate taxicabs and those which operate autobuses. As presently regulated by the Public Utility Commission under Title 48 of the Revised Statutes, public utilities which operate autobuses cannot, for example, without the approval of the Public Utility Commission, sell or encumber their property, incur long-term debt, discontinue service or record transfers of stock which result in vesting controlling interest in the transferee. These are but exemplary of the many regulatory inhibitions applicable to those who operate autobuses under Title 48, but are sufficient to demonstrate that taxicabs, if they are to

be regulated by a State agency, deserve treatment differing from that designed for autobus operators.

By way of further example, were this bill to become law, taxicabs would be subject to an annual assessment by the Board of Public Utility Commissioners under P. L. 1968, c. 173, § 1 (C. 48:2-59 et seq.), which would subject them to a minimum annual assessment of \$50.00. Analysis indicates that not only would many of the provisions within Title 48 of the Revised Statutes be inappropriately applied to the taxicab industry, but further that their application would impose an undue burden upon the industry.

Finally, it is not clear from Assembly Bill No. 730 whether municipalities which presently license taxicabs would be preempted from such licensing even were the bill to be approved. A dual licensing system, which could result from implementation of Assembly Bill No. 730, could not possibly be beneficial to either the industry or the public.

I am not certain whether the taxicab industry in this State is susceptible to uniform statewide regulation. I am certain, however, that if the industry is to be regulated on a statewide basis a regulatory scheme devised specifically for taxicabs should be developed.

Accordingly, I herewith return Assembly Bill No. 730 without my approval.

ASSEMBLY BILL No. 1548

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 1548, without my approval, for the following reasons:

This bill would provide \$1,365.00 for Anthony T. Campanile, an inmate of the State Prison, for personal injuries resulting from a flight and disturbance with another inmate at the State Prison.

A claim for this same amount was submitted on behalf of Mr. Campanile in Senate Bill No. 901 (1972). That claim was deleted by me by a line item veto. The reasoning for my veto of that claim is just as valid and appropriate now in connection with this bill as it was then in connection with the line item veto of Senate Bill No. 901. Mr. Campanile's injuries resulted from his involvement in a disturbance with another inmate. There has been no evidence indicating negligence on the part of any institutional official and, further, there has been no evidence that the incident could have been prevented or guarded against by prison officials or personnel.

This position is consistent with the long established policy of the Department of Institutions and Agencies to disapprove payment of compensation to inmates for injuries caused by other inmates where there has been no neglect or lack of responsibility on the part of the Department or any of its employees.

Accordingly, I feel that I must return Assembly Bill No. 1548 without my approval.

ASSEMBLY JOINT RESOLUTION No. 25

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Joint Resolution No. 25 without my approval.

This Resolution directs the Department of Transportation, with the assistance of the Inter Agency Task Force and the Intergovernmental Relations Commission, to conduct a feasibility study for the restoration of rail service in the eastern corridor of Bergen County, an area served by the Erie Lackawanna, Northern Branch, the West Shore and the New York, Susquehanna and Western railroads.

The Inter Agency Task Force and the Intergovernmental Relations Commission do not have the staff nor the funds to conduct such a detailed feasibility study. The Department of Transportation has several superficial studies which have been made in this area. These studies, while sufficient as a foundation upon which to conduct a proper feasibility study, are themselves too superficial to constitute a feasibility study. Further in depth investigation and analysis is needed.

The Department of Transportation is without the necessary funds to conduct the thorough and complete study directed by the Resolution. The Department has indicated in a fiscal note on Assembly Joint Resolution No. 25 that approximately \$170,000 would be necessary to conduct the feasibility study. Unless these funds are provided for the Department, Assembly Joint Resolution No. 25 cannot be implemented.

A similar problem was created by Assembly Joint Resolution No. 24, which directed a study to determine the feasibility of including the southern area of Hudson County as part of the comprehensive plan for the development of the terminal and transportation facilities of the Port of New York district. The Department of Transportation estimated the cost of conducting such a feasibility study would be approximately \$75,000. The Legislature similarly failed to

appropriate any funds to pay the cost of this feasibility study. I signed Assembly Joint Resolution No. 24, recognizing that the Department would have to strain in order to conduct the study without an additional appropriation.

The signing of Assembly Joint Resolution No. 24 without an appropriation absolutely prohibits a similar action with respect to Assembly Joint Resolution No. 25. It would cost approximately $2\frac{1}{2}$ times the cost of the feasibility study directed by Assembly Joint Resolution No. 24 to conduct the feasibility study directed by Assembly Joint Resolution No. 25. Such a costly undertaking cannot be initiated without funds being provided, especially in light of the burden already placed on the Department of Transportation by Assembly Joint Resolution No. 24.

Accordingly, I herewith return Assembly Joint Resolution No. 25 without my approval.

ASSEMBLY BILL No. 2119 OCR

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 2119 OCR, without my approval, for the following reasons.

This bill would amend R. S. 34:1-47 by adding two members to the Board of Boiler, Pressure Vessel and Refrigeration Rules. The proposed new members would be one operator of hoisting machinery and one operator of excavation machinery. This board presently exercises rule-making power over the indicated activities and would obtain the additional power of rule-making with respect to hoisting and excavation machinery.

This bill would also amend R. S. 34:7-1 and require operators of cranes, derricks, hoists, conveyor or similar machines used for hoisting purposes over 25 horsepower and any machine over 25 horsepower used for construction, demolition or excavation work to be licensed.

I have received no information which would compel me to believe that this bill is necessary in the interests of safety nor that the additional members to be added to the Board of Boiler, Pressure Vessel and Refrigeration Rules are required.

I am, therefore, returning Assembly Bill No. 2119 OCR without my approval.
